

Dear Stefan,

Thank you for your very astute and professional handling of the sale of our North Vancouver home. Following your advice, we achieved a quick and solid sale that realized us well over 30% above assessed value. While other realtors advised us to leave our home unimproved to achieve a quick sale, you worked with us to strategically renovate our home. You also advised us of "staging" and this was a brilliant decision. During the course of your listing you orchestrated the timing, advised us of all activities and comments, and cemented the final sale.

We thank you for your exceptional service and would gladly recommend you to future clients.

Best Regards,

Steve & Anne Gibson
