Reference letter:

To whom it may concern.

I think that my situation with the selling of our house was very unusual and delicate. I don't know who else if not Stefan could have managed it (it was really tough case as from the view of the sale of the house and so from the personal family matter).

Stefan was our 3rd realtor. The townhouse had been for sale for almost a year before Stefan's call without any single offer. I've felt sure of his real estate knowledge from the first hour of our meeting. All his suggestions during the sale were very thoughtful, professional and helpful.

Nevertheless that the family situation at the time of the sale was very fragile I felt well looked after and considered in any suggestions or changes. Stefan has shown himself as very understanding, very professional and sincerely interested in my needs.

I strongly believe that the sale of our house would not have been done so quickly and successfully in this time of a market if not with Stefan. I would recommend him to my friends, kids and anybody who needs his services.

If you need an honest, trustful, professional and understanding realtor – there is the one – it's Stefan Gerber.

I, myself, wouldn't wish to have any other one.

With big respect,

Tatiana Nesterenko
